Bb TALKIN'
ACTION SPORTS INTERCOM  Bluetooth

BbTALKIN' is a Waterproof Communication Device. It uses long-range bluetooth technology that allows people to communicate clearly with each other on the water and snow.

FEATURES: Not only does it allow you to pair to another BbTALKIN unit allowing you to talk to another person, it also can pair to your mobile phone and allow you to listen to your favourite music, as well as allow you to answer phone calls while you are out on the water or snow.

USES ARE, BUT NOT LIMITED TO: Kite Surfing, Surfing, Kayaking, SUP, Jet Skiing, Flyboarding, Paragliding, Wakeboarding, Snowboarding, Mountain Biking, Sailing, Paintball and more.

BENEFITS

- PROGRESSION

Get better, quicker. This product will help you progress in your sport when training with someone else to advise or teach you. Doesn't have to be a coach, it could be a friend.

- SAFETY

The person you are talking to can warn you about any potential danger or advise you before you do something that may hurt you.

You are also about to dial the last dialed number on your phone with the double click of one button on the BbTALKIN' unit.

- FUN

It is so much fun when talking to another person while performing your sport, you can talk about anything!

TESTIMONIALS

BbTALKIN' is the next big thing in sports training. You will learn quicker with the help of a friend or a coach, which means less injuries and faster progression speed. You will improve your skills at a faster rate than someone who is unable to communicate back to the coach.

LIVE COMMUNICATION

(1 smart phone + 4 Advance)

Receive coaching from an overseas pro coach/athlete. ADVANCE has the capability to receive a phone call + 4 people inter-calling. You can communicate with 5 people at the same time.

Example of wakeboarding use:

1. Purchase pair of ADVANCE units. One device pairs with Iphone.
2. The boat driver wears the iphone paired ADVANCE unit, and the student wears another ADVANCE unit.
3. Focus the iphone camera on the student and start to video talk with the oversea coach.

*The students must be in the 4G/LTE covered area.
